

Design, Text & Image Corrections

- On the **Hero section**, the background needs to be changed to a **grey and white theme**.
- The **Logo and VR Technology** images need to be bigger.
- The word “**Dry cooling & heat exchange**” used in hero page should be replaced with:
“**Dry Cooling Heat Exchanger Services**”
- The word “**ME&I**” in the paragraph should be changed to:
“**Mechanical and E&I Services**”

Expertise Section Updates

- In the **second stage (Our Expertise)**:
 - Subtopics like *Air Cooled Heat Exchanger* and other subtopics should be listed **one by one with an some icon in front of it** .
 - above **Dry Cooling Solutions and all topics** , **one image** should be added which sir will send.
 - Images for projects and field services will be provided later.
 - In the **Project & Field Services** section, only key projects should be highlighted.
 - Text descriptions should be minimal and to the point.

Industrial Services Page

- On the **Industrial Services** page:
 - Images need to be updated.
 - First, the **Hero section image** should be changed in the plce of oil and gas.
 - The existing **oil and gas image** should be replaced in the place of **LNG terminal image**.
 - The **Power sector image** should be replaced with a **Green themed image**.
-
-
